The New Traveler Experience

Provide a faster high-quality dining experience for travelers.

Bake Xpress is transforming how travelers enjoy food on the go. Our autonomous hot food vending kiosk, with its combination smart oven, correctly cooks a full menu of foods to ensure a restaurant-quality dining experience—anything from crispy pizzas and flaky pastries to fresh salads—served in seconds.

Expand restaurants and favorite food brands.

Bake Xpress enables you to seamlessly add new locations of existing partner restaurants and food brands to offer existing menu offerings in additional airport areas, without the need for additional construction or staff.

- Full menu of hot & chilled foods
- Unique baking technology
- Serve employees & travelers 24/7
- Add dining options with minimal cost
- Partner with favorite food brands
- Proven technology: 4+ years operation & UL certification
